Israeli Ambassador Herman called on Wilcox today to discuss Eichmann case and made following points:

1. Hopes meeting can be arranged soon between FM and Frenczi and believes there are prospects such meeting might be held June 24 in Brussels. (Israeli Counselor Erell said earlier French would play necessary third party role in arranging meeting.)

2. Golda Meir plans deliver moderate speech avoiding reference to Argentina's war criminals provided Argentina does not offend Israel when making its presentation. In latter event, Meir would of course respond appropriately.

3. GOI believes any resolution should wind up Eichmann case rather than leaving it "open-ended" as does Argentine draft which calls for "adequate reparation," a vague term about which parties could argue interminably. Moreover, in Israeli view, resolution should definitely include reference to notorious record Eichmann as war criminal "indicted" (sic) by Nuremberg tribunal.
